

Sutton Free Public Library Code of Conduct

The Sutton Free Public Library encourages persons of all ages to use its facilities and resources for research, reference, study, reading, and browsing. Good public service requires that the library environment be conducive to study, reading, and research. This necessitates the willingness of all library users to be considerate of the rights of others to work safely and undisturbed. The Board of Library Trustees has established these guidelines for behavior in the library to encourage an atmosphere that promotes the use and enjoyment of the library's resources and protects the public, staff, materials and equipment. However, the library is a very busy place and staff cannot monitor the behavior, safety, or whereabouts of people, including children, who use the building. This responsibility resides with parents and other caregivers.

1. Failure to promptly comply with staff directives (whether documented policy or not), will result in suspension of library privileges.

Children and the Library:

Using the library should be an exciting and enjoyable experience for children, but behavior and safety issues are a concern for both library staff and visitors.

The Sutton Library is a small space. In order to insure that everyone visiting the library enjoys their time here safely, the following are rules for Library Behavior.

1. Everyone should walk in the library.
2. Please pick up after yourself. Replace any puzzles and toys that you use.
3. Do not throw puzzles, toys or books. Intentionally trying to hurt or fight with another person is not acceptable behavior and will result in you being asked to leave the library.
4. Do not climb on bookshelves. Parents and caretakers should not let children sit on shelves or on top of bookshelves as this can be dangerous.

5. Do not bang on the computers. The library computer near the circulation desk is for finding library materials. The computers in the biography section are for browsing the internet for informational and recreational purposes. The library cannot provide computers specifically for use by the children; therefore, use of computers is not restricted by age.

6. Use your inside voice at all times.

7. Children under five years of age must be accompanied by a responsible adult at all times. Please see our Child Supervision Policy for more information.

8. Parents can be held liable for damage done by a child under the age of 18. (Massachusetts General Laws, Ch. 231, Sec. 85G)

Any unlawful actions committed in the library or on the library premises will immediately be reported to the Sutton Police Department.
