### Gifts and Donations

Gifts and donations of materials are subject to the same process as purchased materials. They are considered with the explicit understanding that such factors as duplication, merit, lack of community interest, processing costs, physical condition of the materials, or inadequate shelf space may prevent their addition to the collection or permanent retention. Gifts and donations are accepted with the understanding that the Library may, at any time, discard them or offer them for sale through periodic library books sales and/or agents. Text books and National Geographic magazines are not accepted as gifts or donations.

The Library will not be responsible for providing a statement of monetary value to the donor for tax or other purposes, but will acknowledge receipt of the gift, when requested.
